

Double Sided PET Film Tape

Description

Naikos double sided PET film tape is a double-sided self-adhesive tape consisting of a PET backing, with high adhesion to various materials.

Construction

Features

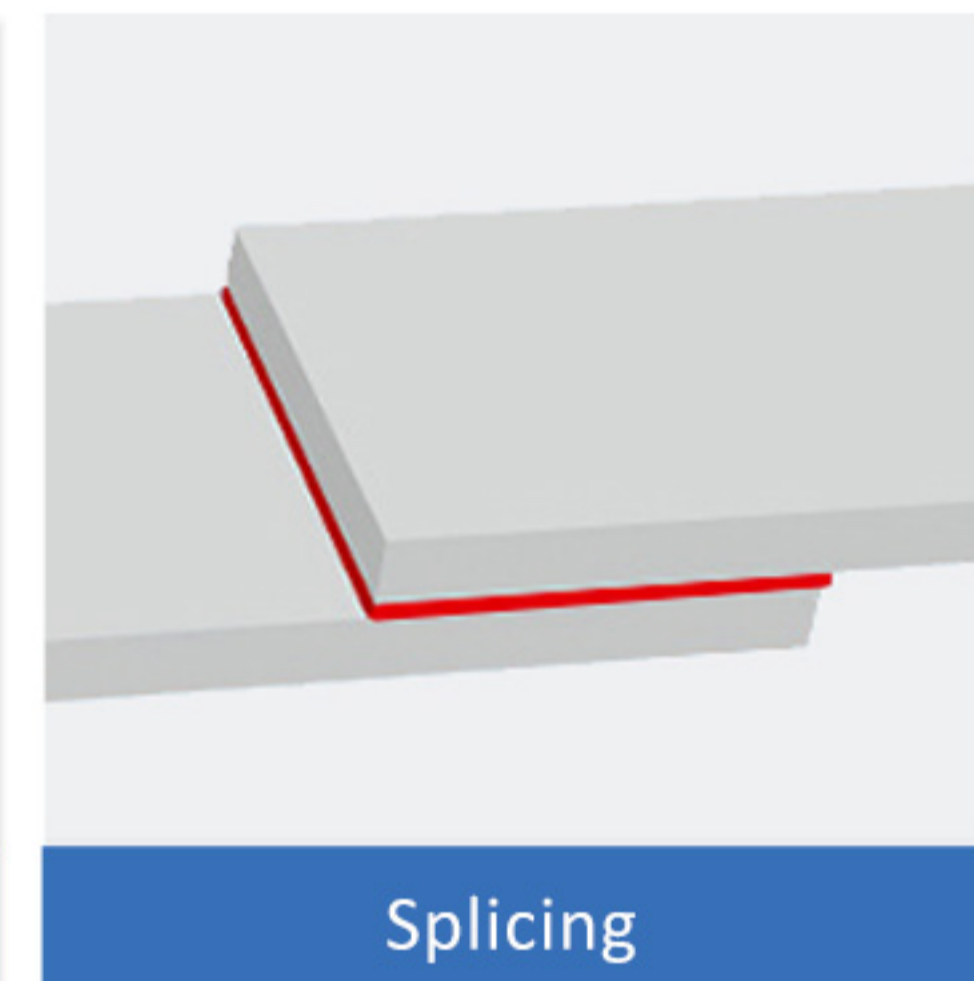

- * Reliable bond on HSE and LSE surfaces
- * Immediate usability right after assembly
- * Suitability for critical demands such as heavy stress and high temperatures
- * It is a high level of adhesive peel and shear performance
- * High temperature resistant
- * Good durability and easy for die cutting

Application

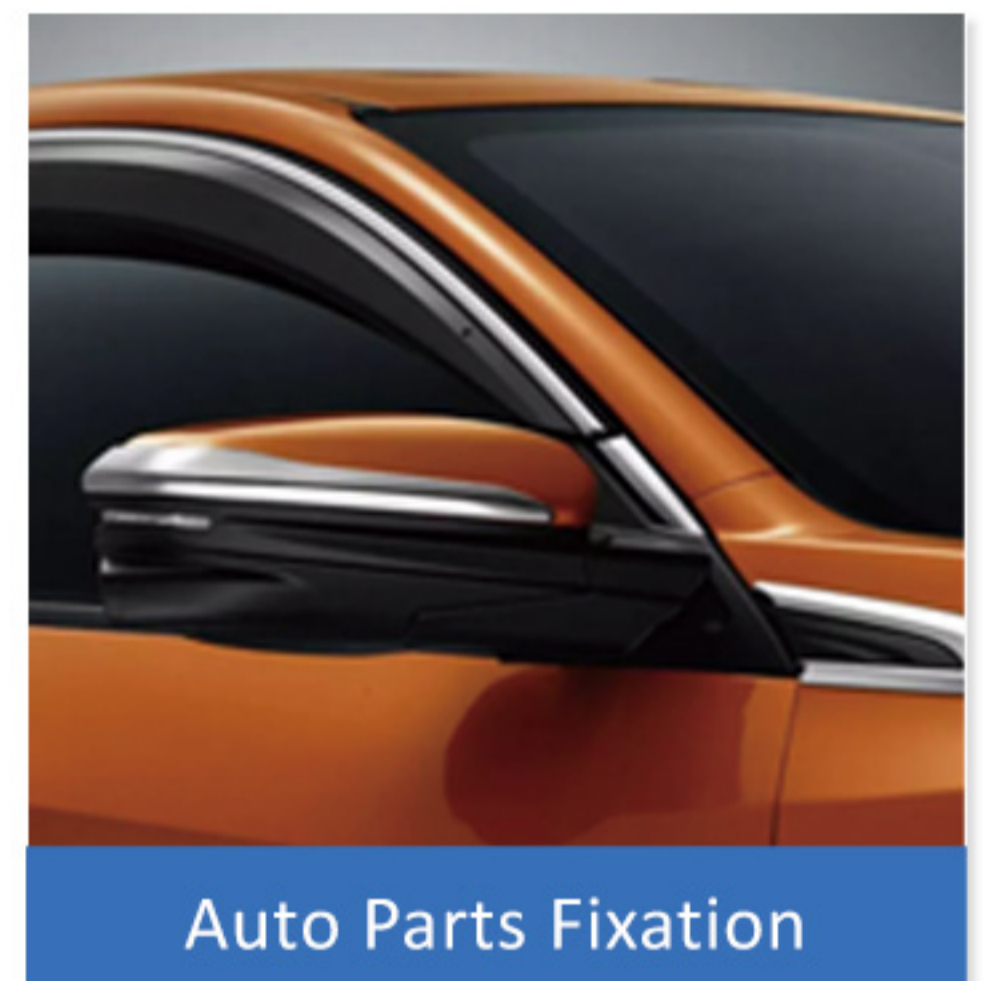

- * Nameplate lamination
- * LCD reflective film, plastic film splicing
- * PP, PE, PVC, Acrylic material bonding
- * ABS plastic parts in automotive industry
- * Battery pack, lens, and touch-screen mounting for electronic devices

Properties

Item	Double Sided PET Film Tape
Color	Clear(Multi Colors Available)
Carrier	PET Film
Adhesive	Acrylic Adhesive
Total Thickness	0.01~0.205 mm(0.39~8 mil)
Adhesion to Stainless Steel	≥15 N/25mm(63.5 oz/inch)
Holding Power	> 24 Hr
Temperature Resistance	80~150°C(176~302°F)
Width	2~1020/1240 mm(Customized Width Available)
Length	50/100/500/1000 m(Customized Length Available)
